

Your hygiene journey actually starts right AT YOUR DOOR STEP

90% 

of dust and dirt is brought into offices by shoes¹

12x

During rainy season, the amount of dirt and debris can multiply up to 12 times²

42% 

of people judge cleanliness based on floor appearance⁴

 **35%**

Traditional mat cleaning methods reduce around 35% of dust¹

10% 

Most vacuum cleaners can only remove 10% of dust from floors³

35%

of workplace injuries are due to slips, trips and falls⁵

Why place floor mats at ENTRANCES

Floor mats are not meant for entrances only.
They can also be used on
WET SURFACES AND TO REDUCE FATIGUE

WASHROOMS
with wet surfaces

KITCHENS
and pantries with slippery surfaces

PRODUCTION LINES,
cashiers and bar counters that require long hours of standing
